COURSE DESCRIPTION

The Awarding and Management of Contracts module is designed for participants who manage, review, or audit contracts. It addresses the requirements for obtaining goods and services through contracts to meet grant objectives. The module covers understanding the right contract types, conducting cost and price analyses, and complying with Federal requirements under 2 CFR 200. Participants will gain the ability to explain the requirements under 2 CFR 200 for contracts awarded under grants, compare different types of contracts permitted under grants, and describe the roles of auditors and others in awarding, managing, and closing out contracts.

WHAT YOU WILL LEARN:

After successful completion of this course, participants should be able to address:

- Explain the requirements under 2 CFR 200 for contracts awarded under grants.
- Compare different types of contracts allowed under grants.
- Describe the role of auditors and others involved in awarding, managing and closing out contracts awarded under grant

WHO SHOULD ATTEND

This course is designed for the US Virgin Islands Department of Health and recipients of grant funds from the US Virgin Islands Department of Health. In order to meet the grant objectives, recipients are required to obtain goods and services through contracts. The purpose of this course is to assist you in managing, reviewing, or auditing contracts issued using pandemic relief funds.

TUITION FEES

With funding from the Association of State and Territorial Health Officials (ASTHO), courses are available free of charge to US Virgin Islands Department of Health personnel and selected community-based organizations. The course fee is waived and there is no cost to register and to attend. If you have any questions, please contact info@pitiviti.org.
